

# Probes

To get the most out of the system's versatility, our innovative transducer technology ensures visualizations that give powerful diagnostic capability.

### EC4-9

- Center Freq : 6.5MHz
- FOV : 150°
- App : OB/GYN, Urology

### CN2-8

- Center Freq : 3.5MHz
- FOV : 60°
- App : Abdomen, OB/GYN, Renal, Fetal Heart

### C2-4/20

- Center Freq : 3.0MHz
- FOV : 90°
- App : Abdomen, Cardiac

### CN4-9

- Center Freq : 6.5MHz
- FOV : 150°
- App : Neonatal, Pediatric Vascular

### LN5-12/40

- Center Freq : 7.5MHz
- FOV : 40mm
- App : Small part, Breast Vascular, MSK

### L5-12/60

- Center Freq : 7.5MHz
- FOV : 60mm
- App : Small part, Breast Vascular, MSK

### LE5-12

- Center Freq : 7.5MHz
- FOV : 40mm
- App : Small part, Breast Vascular, MSK

# SONOACER3

Quality and Value in Portable Color Ultrasound

CS-0400000-10052EN

**SONOACER3**

# The new standard in portable color ultrasound

Welcome to the SonoAce R3, an exceptional portable color ultrasound system that displays higher image quality for all its applications. Although small and compact, the system has full diagnostic capabilities. There are no compromises in the resizing of this system.

The SonoAce R3 is a fully-featured portable digital color ultrasound system with almost all the imaging capabilities of a full-size system.

Shoulder transverse 2D

Create your own workspace, in any environment, with our fully-featured digital imaging system.

The SonoAce R3 is fully-featured, portable and is capable of performing all the most important ultrasound functions.

- FSI (Full Spectrum Imaging™)
- SRF (Speckle Reduction Filter)
- Quick Scan™
- Harmonic imaging

Kidney in power Doppler mode

Arrange your workspace

The basic review, analysis, networking, and archiving capabilities of the SonoView provide the most advanced diagnostic tools to boost performance.

- SonoView™ Lite
- DICOM 3.0
- USB 2.0

Thyroid in color Doppler

Expand your imaging reality

The SonoAce R3 utilizes the latest features, such as backlit keys, and a cart with probe holders to deliver high performance that can be used anywhere.

- 15" LCD Monitor
- Two probe ports
- Easily height-adjustable cart-based system
- Lightweight
